Queen Victoria's reign, 1837 to 1901

64 YEARS

Victoria was queen for 63 years and 7 months, from when she was 18 until she was 81. Here is what happened while she wore the crown. The line is 64 years long: each 10 mm is about two and a half years.

Add your own: a Victorian thing in Wrenbury, or something from your family tree. _____ happened in _____
