Wrenbury walk: spotter sheet

5 POINTS

Human features
Things that people made: houses, a church, a bridge, a road, a shop, a railway, a canal.

Physical features
Things that are natural: a river, a hill, fields, trees, a pond, the weather, the soil.

Human: made by people

Human features

- [ ] **St Margaret's Church** built in the early 1500s, made new inside in 1865
- [ ] **The village green** with two black-and-white houses looking over it
- [ ] **Our school** the old building has the date 1879 and a little bell tower
- [ ] **A wooden lift bridge** three were built about 1790 by Thomas Telford
- [ ] **The Llangollen Canal** finished in 1805 and busy with boats ever since
- [ ] **Boats at Wrenbury Mill** the marina by the push-button lift bridge
- [ ] **The Dusty Miller** a Victorian watermill that is now a pub
- [ ] **Wrenbury Mill Bridge** a red sandstone road bridge from Victorian times
- [ ] **Wrenbury railway station** opened in 1858, when Victoria was queen
- [ ] **The village hall**
- [ ] **The war memorial** in the churchyard
- [ ] **Houses** old brick, black-and-white, or new
- [ ] **A road, a sign or a post box**
- [ ] **The post office and shop**

Something else I spotted:

Physical features

- [ ] **The River Weaver** runs right beside the Dusty Miller
- [ ] **Flat fields** Wrenbury is on the flat Cheshire Plain
- [ ] **Hedges** between the fields
- [ ] **Trees** willows grow by the water
- [ ] **Reeds by the water** the meres nearby have reed beds
- [ ] **A pond or a mere** a mere is a lake left by the ice age
- [ ] **Hills far away** the Bickerton and Peckforton hills
- [ ] **The weather today** sun, cloud, wind or rain
- [ ] **Soil and mud** Cheshire has sticky clay soil left by the ice
- [ ] **Birds and animals** ducks, herons, cows, sheep

Something else I spotted:

Which human feature is the oldest? Which is the newest?
